

SCOUTING REPORT — BETHEL

Film-charted tendencies. OFFENSE = what our DEFENSE faces · DEFENSE = what our OFFENSE faces.

TOP TAKEAWAYS
On DEFENSE (their offense)

- **Formations tell the play:** Dodge & Tray = run (~90%); Tag, Triple, Trips = pass (~100%).
- **Weak run — 3.1 YPC.** Stuff early-down runs, make them throw.
- **3rd/4th-and-long = 83–88% pass.** Force long-yardage.
- **Pass is the weapon:** 80% comp, 13% of passes explosive. No coverage busts.

On OFFENSE (their defense)

- **Zone team:** Cover 4 (35%), 3 Roll (32%), 3 Sky (17%). Almost no man.
- **Beatable — allows 58% success.** Be aggressive.
- **Soft coverages:** 3 Sky (86% success allowed), 3 Roll (72%).
- **Take shots vs Cover 4 — 25% of plays go explosive.**

PART 1 — BETHEL OFFENSE (our defense's plan)

OVERALL

- Balanced count: 50% run / 49% pass — but only **40% of plays succeed**.
- Run **3.1 YPC** (weak); Pass 6.4 YPA, **80% comp**; scramble ~2%.
- Explosives: Run 7% (7/89) · **Pass 13% (12/86)**.

DOWN TENDENCIES

Down	Tendency
1st	Run 66%
2nd	~50/50
3rd	Pass 68%
4th	Pass 62%

DOWN & DISTANCE (STRONG KEYS)

- **1st-and-medium: 100% RUN**; 1st-and-long: 66% run.
- **2nd-and-long: 71% PASS.**
- **3rd-and-med 75% PASS · 3rd-and-long 88% PASS.**
- **4th-and-short 100% RUN · 4th-and-long 83% PASS.**

FORMATION = PLAY (BIGGEST EDGE)

Formation	Call	Formation	Call
Dodge Lt/Rt	RUN 94/86%	Tag Lt/Rt	PASS 85/100%
Tray Lt/Rt	RUN 87/100%	Triple Lt/Rt	PASS 100%
Twins	Pass 60%	Trips	PASS 100%
Dak	Pass 66%		

DANGEROUS VS. DEAD

- **Most efficient (alert):** Tag Rt 75%, Tray Rt 73%.
- **Dead (attack):** Dak 0%, Trips 23%, Triple Lt 26%.

D game plan: Win 1st down vs the run (3.1 YPC). Push them to 2nd/3rd-and-long where they're 71–88% pass and only 40% efficient. Disciplined zone, tackle in space, deny the explosive pass. Play the formation tells every snap.

PART 2 — BETHEL DEFENSE (our offense's plan)

WHAT THEY LINE UP IN

- **Fronts:** Over 54% · Stack 29% · Under 12% · Bear 3%.
- **Coverage (zone-heavy):** Cover 4 35% · 3 Roll 32% · 3 Sky 17%. Man ~8%.

THEY ARE BEATABLE — ALLOW 58% SUCCESS

Coverage	Success allowed
3 Sky	86%
3 Roll	72%
Cover 4	58%

Front success allowed: **Under 75%** (worst, 12% of snaps) · Bear 66% · Over 67% · Stack 64%.

WHERE THE EXPLOSIVES COME FROM

- **Cover 4: 25% explosive allowed** — our shot coverage.
- Stack front: 21% long + 10% explosive. Over: 13% explosive.
- Bear stuffs runs (66% for loss) but rare (3%).

FORMATION MANIPULATION

- **Dodge** → 80% Over, **100% Cover 4** → dial a shot.
- **Triple** → 58% Cover 4. **Beast** → 50% 3 Sky.
- **Doubles** → mostly 3 Roll / 3 Sky.

FRONT TELLS BY DOWN

- **2nd-and-short: 100% Stack.**
- **3rd-and-long: Stack 52%** — protect for it.

O game plan: Zone-first D that gives up a lot. Rep zone-beaters (flood, hi-lo, stick), pick on **3 Sky / 3 Roll**. Use **Dodge/Triple** to bait **Cover 4** and take shots. Stay on schedule to avoid Stack on 3rd-and-long. Bait **Under** and run at it.
